people helping people

*welcome!*

**IF YOU ARE FACING LIMB LOSS...**

We know how you feel because we have been there. Limb loss affects a variety of people in the United States and around the world and includes people of every race, ethnicity and background without regard to geographic location, occupation or economic level.

We welcome you to our support group **F.A.S.T.** Here you will find people in the same situation as you are, asking the same questions. Within this group setting, you will learn more about life with limb loss.

Rather than being "disabled" you will become "enabled" as you discover new ways of doing the things you like to do.

We welcome you as well as your caregivers to attend our monthly meetings.
